

WAIVER REQUEST

I do not have passive knowledge of French. I therefore ask for a waiver of the French language requirement as indicated in the admission conditions for the Master's degrees.

In case of admission, I will commit myself to following an intensive course in French before courses begin and to taking weekly French lessons during the first semester of my course of study. The French course is organised by the French Department of the University of Geneva and I understand that I will be asked to participate to the cost.
