

Plan d'études du Master en études internationales, droit international
Curriculum of the Master in International Studies, International Law

Le Master en études internationales (MEI) est un programme de deux ans destiné aux étudiants qui souhaitent approfondir leurs compétences dans l'une des disciplines offertes :

- droit international,
- économie internationale,
- histoire et politique internationales,
- science politique.

Il prépare à des fonctions d'expertise dans le monde international.

The Master in International Studies (MIS) is a two-year programme catering to students seeking to deepen their knowledge in one of the disciplinary areas of study offered at the Institute:

- International Law
- International Economics
- International History and Politics
- Political Science

It prepares students for careers as international experts.

Secretariat/ **Secretariat**: Emmanuelle Olivier – emmanuelle.olivier@graduateinstitute.ch
